# SEDR STUDIO

[SEE·DR]

## Web Designer

I am an accomplished UX/UI Designer that has worked with small businesses to large, non-profit organizations

## Website Creator

I work with WordPress, Plugins, 3rd Party platforms, and builders to build websites for people who don't want to hire a developer

## SEO Specialist

I work with a variety of organizations in SEO including backlinks, website edits, keywords monitoring and more

# WHAT I CAN DO FOR YOU

01

## Website Design

Based on thorough research, I can create a design that your members will love

02

## Website Management

I can assist you when you are working on your website

03

## SEO & Internet Marketing

Get a fresh perspective on modern SEO and internet marketing to understand your target market even better than your competitors

# How I work with **clients**

## 1: Milestones

I work within milestones that we assign, within Google Drive and email

## 2: Meetings

Communication is important so I believe doing weekly, bi-weekly or monthly meetings are very important

## 3: Time Tracking

I make sure to track my time so there are no surprises or time wasted.

# Feedback from my clients

Suzanne Manser

[suzannemanserphd.com](http://suzannemanserphd.com)

"I worked with Anna on a redesign of my website, and I love the end result. My site is much more modern, is absolutely beautiful, and works as I need it to."

Michelle Elquest

[blackhawkfloors.com](http://blackhawkfloors.com)

I hired Anna to rebuild our website with a new updated look. She created a masterpiece! Our website is absolutely beautiful, professional looking and just plain stunning. Anna is easy to work with, responsive and stays with you until the project is completed. She is a great choice for your web design.

Anne Golden

[jasgc.org](http://jasgc.org)

"Our organization hired Anna to research various website options, redesign our existing website, and migrate our client data over to the new one. As of today, we are approximately one week away from our "migration" date, but we are very excited about the design that Anna has chosen for us, and the new website will be an enormous improvement over what we have had for many years. Anna understands how to arrange the most cost-effective solutions for organizations with limited budgets, and she is a delight to work with. We are so happy that we "discovered" her. "
